TIME

VERSALIFT

Service

Versalift access platform vehicles are made to stand the test of time with minimal lifetime maintenance costs.

We offer several service contracts ensuring you will be able to catch a good night's sleep regardless of your risk profile. The base service offering is an annual service

inspection conducted by a certified TIME service technician.

We provide service contracts with extensive spare part and service guarantees - and we even offer replacement vehicles as an option guaranteeing you will be able to keep a vehicle on the road at all time.

Our staff of competent service technicians' offer operator training and service courses for corporations preferring to service their Versalifts internally.

For service, technical support or warranty, please call:

(+45) 99 66 16 16

For spare parts, please call:

(+45) 98 63 24 33
